- Built-in speakers

Applications

- Retail
- Hospitality
- Corporate
- Restaurants

The V4280I-U3, based on the NEC V423, is a high-performance, large-format display integrated with infra red (multi-touch) technology. It is ideal in applications that require multi-touch functionality, such as board rooms and classrooms. Its integrated temperature sensors and fans ensure the longevity of the display in such environments. It also features built-in speakers, an Open Pluggable Specification (OPS)-compliant slot, and LED backlighting. Call our sales team at (512) 846-2424 for more information. The display is offered as a dual-touch (V4280I-U3x2) or multi-touch (V4280I-U3) solution. The multi-touch display has six touch points and is Windows 8 ready.

V4280I-U3

Specifications

Viewable Image Size	42”
Touch Technology	Infra Red
Pixel Pitch	.49 mm
Brightness	450 cd/m^2 (maximum)
Contrast Ratio	1300:1
Aspect Ratio	16:9
Resolution	1920 x 1080
Response Time	8 ms
Viewing Angle	178^o Vert., 178^o Hor. (89U/89D/89L/89R) @ CR>10
